PROSPECTUS 2023 - 2024

Apply Now

Jyoti Nivas College is a Minority Christian College affiliated to Karnataka P. U. Board, founded by the Sisters of St. Joseph of Tarbes.

How it all began...

The congregation of the sisters of St. Joseph of Tarbes was founded in the year 1843 by six young peasant girls who had a special experience of God, which urged them to live together in a life of contemplation. Thus, living in communion, they became sensitive to the needs of people around and responded enthusiastically to the call to educate children and care for the sick. Through the ages the sisters persevered in their mission with faith in God, heroic courage and optimism even in moments of great difficulties, opposition and challenges.

The schools and colleges of the sisters of St. Joseph of Tarbes are inspired by the life and teachings of Jesus Christ and are guided by the socio-economic and political goals enshrined in the Constitution of India. The vision of SJT sisters is to build communion and to provide excellent education and service to society.

What we believe in...

Since its inception in 1966, Jyoti Nivas College has remained steadfast to one central commitment, to provide a balanced comprehensive education in the liberal Arts, Science and Commerce, aimed at turning out intellectually enlightened, morally upright, spiritually oriented, socially committed and emotionally balanced young persons.

HOW WE ACHIEVE IT...

Jyoti Nivas College caters for a liberal education that acquaints the students with the various intellectual strategies for understanding the natural and social environments as well as instilling in them moral and spiritual values to enable them to face life situations. As a Christian college for women, challenged by revolutionary changes in every sphere of life, Jyoti Nivas College is aware that higher education involves infinitely more than acquisition of mere degree. While preserving the best values of our own Indian culture, we realize that education must prepare the student to live fruitfully in a world that is rapidly becoming transformed by science and technology.

Our faculty members possess not only fine minds and scholarly expertise but also a strong sense of commitment to teaching and a variety of innovative methods to supplement lectures.
